

The power of *natural* health
**HBC3 Curcumin
Extract**

**Highest Assay
Highest Bioavailability
Residual Solvents as per
ICH guidelines**

The Research & Development team at HERBOCHEM have developed a Water Soluble, Highly Bioavailable and Stable HBC3 Curcumin extract containing Curcumin, Demethoxy curcumin & Bis-Demethoxy curcumin.

The HBC3 extract is available in two different grades,

1. HBC3-10% (water solubility 250mg in 100 ml) &
2. HBC3-20% (water solubility 150mg in 100 ml).

TH₂O is Water Soluble extract of Turmeric rhizome. It contains all water soluble constituents of Turmeric rhizome.

DBC 95% is A Regular grade of Curcuminoids-95%, which is extracted from quality Turmeric rhizomes.

Extract Benefits:

- Has Antioxidant Activity
- Aids in Joint support
- Helps in Mood Control
- Promotes Tissue Soothing & Healing
- Helps in maintaining Healthy Cholesterol levels

Specifications:

HCWS Curcumin is available with Curcuminoids 10%, & 20%

HCWS Curcumin is soluble and dispersible in water

Residual solvents are met as per ICH guidelines.
